Door to Grace impacts child sex trafficking through an intensive mentoring program. Serving girls, between the ages of 13- 17, from Multnomah, Washington, and Clackamas counties, Door to Grace helps to facilitate and provide an adult female mentor volunteer who has undergone extensive training to work with this population. Mentors help guide these teens and young women to slowly rebuild their self-esteem and resiliency. They work to help girls stay in school, find and keep jobs, and rebuild their lives.
